

TI-Nspire Trade-In

available at the Texas Instruments booth

As a promotion, TI is offering to educators a TRADE IN opportunity at our conference. You can bring one of your personal TI-Nspires to the event to be traded in for either a TI-Nspire with touchpad or a TI-Nspire CAS handheld with touchpad.

Things you should know:

- * Only one per educator
- * Must have the TI-Nspire click pad on the unit
- * Has do be done in person at the conference
(colleague can not give you theirs to trade in for them)
- * You need to back up your TI-Nspire prior to the trade in
